

CYCLE STANDS, BARRIER HOOPS AND BOLLARDS

Product Overview

Cycle Stands, barrier hoops and bollards are a common feature in many public spaces and are currently used in a wide range of settings, including public parks, entrances to buildings, supermarkets, parking areas to name but a few. These items play an important role in upholding health and safety standards in your premises, as they can warn drivers or pedestrians and bring their attention to objects that may pose a hazard.

At Ezi Klamp Systems we supply an extensive range of cycle stands, barrier hoops and bollards that will suit the needs of your project. Choose from different finishes including galvanised steel, stainless steel, or polyester powder-coated to any standard RAL colour.
